[58 FR 65542, Dec. 15, 1993, as amended at 60 FR 26617, May 17, 1995]

§ 230.456 Date of filing.

The date on which any papers are actually received by the Commission shall be the date of filing thereof, if all the requirements of the act and the rules with respect to such filing have been complied with and the required fee paid. The failure to pay an insignificant amount of the required fee at the time of filing, as the result of a bona fide error, shall not be deemed to affect the date of filing.

[16 FR 8737, Aug. 29, 1951]

§ 230.457 Computation of fee.

(a) If a filing fee based on a bona fide estimate of the maximum offering price, computed in accordance with this rule where applicable, has been paid, no additional filing fee shall be required as a result of changes in the proposed offering price. If the number of shares or other units of securities, or the principal amount of debt securities to be offered is increased by an amendment filed prior to the effective date of the registration statement, an additional filing fee, computed on the basis of the offering price of the additional securities, shall be paid. There will be no refund once the statement is filed.

(b) A required fee shall be reduced in an amount equal to any fee paid with respect to such transaction pursuant to sections 13(e) and 14(g) of the Securities Exchange Act of 1934 or any applicable provision of this section; the fee requirements under sections 13(e) and 14(g) shall be reduced in an amount equal to the fee paid the Commission with respect to a transaction under this section. No part of a filing fee is refundable.

(c) Where securities are to be offered at prices computed upon the basis of fluctuating market prices, the registration fee is to be calculated upon the basis of the price of securities of the same class, as follows: either the average of the high and low prices reported

in the consolidated reporting system (for exchange traded securities and last sale reported over-the-counter securities) or the average of the bid and asked price (for other over-the-counter securities) as of a specified date within 5 business days prior to the date of filing the registration statement.

(d) Where securities are to be offered at varying prices based upon fluctuating values of underlying assets, the registration fee is to be calculated upon the basis of the market value of such assets as of a specified date within fifteen days prior to the date of filing, in accordance with the method to be used in calculating the daily offering price.

(e) Where securities are to be offered to existing security holders and the portion, if any, not taken by such security holders is to be reoffered to the general public, the registration fee is to be calculated upon the basis of the proposed offering price to such security holders or the proposed reoffering price to the general public, whichever is higher.

(f) Where securities are to be offered in exchange for other securities (except where such exchange results from the exercise of a conversion privilege) or in a reclassification or recapitalization which involves the substitution of a security for another security, a merger, a consolidation, or a similar plan of acquisition, the registration fee is to be calculated as follows:

(1) Upon the basis of the market value of the securities to be received by the registrant or canceled in the exchange or transaction as established by the price of securities of the same class, as determined in accordance with paragraph (c) of this section.

(2) If there is no market for the securities to be received by the registrant or cancelled in the exchange or transaction, the book value of such securities computed as of the latest practicable date prior to the date of filing the registration statement shall be used, unless the issuer of such securities is in bankruptcy or receivership, or has an accumulated capital deficit, in which case one-third of the principal amount, par value or stated value of such securities shall be used.

(3) If any cash is to be received by the registrant in connection with the exchange or transaction, the amount thereof shall be added to the value of the securities to be received by the registrant or cancelled as computed in accordance with (e) (1) or (2) of this section. If any cash is to be paid by the registrant in connection with the exchange or transaction, the amount thereof shall be deducted from the value of the securities to be received by the registrant in exchange as computed in accordance with (e) (1) or (2) of this section.

(4) Securities to be offered directly or indirectly for certificates of deposit shall be deemed to be offered for the securities represented by the certificates of deposit.

(g) Where securities are to be offered pursuant to warrants or other rights to purchase such securities and the holders of such warrants or rights may be deemed to be underwriters, as defined in section 2(11) of the Act, with respect to the warrants or rights or the securities subject thereto, the registration fee is to be calculated upon the basis of the price at which the warrants or rights or securities subject thereto are to be offered to the public. If such offering price cannot be determined at the time of filing the registration statement, the registration fee is to be calculated upon the basis of the highest of the following: (1) the price at which the warrants or rights may be exercised, if known at the time of filing the registration statement; (2) the offering price of securities of the same class included in the registration statement; or (3) the price of securities of the same class, as determined in accordance with paragraph (c) of this section. If the fee is to be calculated upon the basis of the price at which the warrants or rights may be exercised and they are exercisable over a period of time at progressively higher prices, the fee shall be calculated on the basis of the highest price at which they may be exercised. If the warrants or rights are to be registered for distribution in the same registration statement as the securities to be offered pursuant thereto, no separate registration fee shall be required.

(h)(1) Where securities are to be offered pursuant to an employee benefit plan, the aggregate offering price and the amount of the registration fee shall be computed with respect to the maximum number of the registrant's securities issuable under the plan that are covered by the registration statement. If the offering price is not known, the fee shall be computed upon the basis of the price of securities of the same class, as determined in accordance with paragraph (c) of this section. In the case of an employee stock option plan, the aggregate offering price and the fee shall be computed upon the basis of the price at which the options may be exercised, or, if such price is not known, upon the basis of the price of securities of the same class, as determined in accordance with paragraph (c) of this section. If there is no market for the securities to be offered, the book value of such securities computed as of the latest practicable date prior to the date of filing the registration statement shall be used.

(2) If the registration statement registers securities of the registrant and also registers interests in the plan constituting separate securities, no separate fee is required with respect to the plan interests.

(3) Where a registration statement includes securities to be offered pursuant to an employee benefit plan and covers the resale of the same securities, no additional filing fee shall be paid with respect to the securities to be offered for resale. A filing fee determined in accordance with paragraph (c) of this section shall be paid with respect to any additional securities to be offered for resale.

(i) Where convertible securities and the securities into which conversion is offered are registered at the same time, the registration fee is to be calculated on the basis of the proposed offering price of the convertible securities alone, except that if any additional consideration is to be received in connection with the exercise of the conversion privilege the maximum amount which may be received shall be added to the proposed offering price of the convertible securities.

(j) Where securities are sold prior to the registration thereof and are subsequently registered for the purpose of making an offer of rescission of such sale or sales, the registration fee is to be calculated on the basis of the amount at which such securities were sold, except that where securities repurchased pursuant to such offer of rescission are to be reoffered to the general public at a price in excess of such amount the registration fee is to be calculated on the basis of the proposed reoffering price.

(k) Notwithstanding the other provisions of this rule, the proposed maximum aggregate offering price of Depositary Shares evidenced by American Depositary Receipts shall, only for the purpose of calculating the registration fee, be computed upon the basis of the maximum aggregate fees or charges to be imposed in connection with the issuance of such receipts.

(l) Notwithstanding the other provisions of this rule, the proposed maximum aggregate offering price of any put or call option which is traded on an exchange and registered by such exchange or a facility thereof or which is traded over the counter shall, for the purpose of calculating the registration fee, be computed upon the basis of the maximum aggregate fees or charges to be imposed by such registrant in connection with the issuance of such option.

(m) Notwithstanding the other provisions of this rule, where the securities to be registered include (1) any note, draft, bill of exchange, or bankers' acceptance which meets all the conditions of section 3(a)(3) hereof, and (2) any note, draft, bill of exchange or bankers' acceptance which has a maturity at the time of issuance of not exceeding nine months exclusive of days of grace, or any renewal thereof the maturity date of which is likewise limited, but which otherwise does not meet the conditions of section 3(a)(3), the registration fee shall be calculated by taking one-fiftieth of 1 per centum of the maximum principal amount of only those securities not meeting the conditions of section 3(a)(3).

(n) Where the securities to be offered are guarantees of other securities which are being registered concur-

rently, no separate fee for the guarantees shall be payable.

(o) Where an issuer is offering securities, the registration fee may be calculated on the basis of the maximum aggregate offering price of all the securities listed in the "Calculation of Registration Fee" Table. The number of shares or units of securities need not be included in the "Calculation of Registration Fee" Table. If the maximum aggregate offering price increases prior to the effective date of the registration statement, a pre-effective amendment must be filed to increase the maximum dollar value being registered and the additional filing fee shall be paid.

In the case of statements which become effective on the twentieth day after filing, the twentieth day shall be deemed to begin at the expiration of nineteen periods of 24 hours each from 5:30 p.m. eastern standard time or eastern daylight-saving time, whichever is in effect at the principal office of the Commission on the date of filing.
